Outline

- I. *The concept of the Economic Community of common Destiny*
- II. *The Economic Community of common Destiny Between China and Its Neighbors : Opportunity and Challenges*
- III. *Some recommendations for the future construction of the Economic Community of common Destiny Between China and Its Neighbors*

The Economic Community of common Destiny Between China and Its Neighbors : Opportunity and Challenges

- the development of China
- The traditional Asian system of economic growth in change
- The unstable world

The common benefit of the *Economic Community of common destiny between China and its neighbors* is still in change

- *The gap of the development between Asian Economies*
- *Dependency on the outside*
-

Some recommendations

- *Encouraging the Asian economies to pursue the common goal.*
- *Reducing the developmental gap*
- *Encouraging to make contribution to the regional public goods.*

THANK YOU!
